

NEW

Toner for use in

Canon iR-C2380, 2550, 2880, 3080, 3380, 3480, 3580 (C-EXV21)

The iR-C2880 and its lower and higher speed “brothers and sisters” bring colour printing to the office – but only when required. And multi-functional means that these devices can print, copy, fax and scan in cost-effective colour with professional finishing options.

Priorities for many businesses are very straightforward when it comes to printing: keep cost low, make the device easy to use and enable high levels of control and security. The Canon iR-C2380 up to the C3580 are compact multifunctional printer which are ideal for busy office environments. Depending on the user group print, copy, fax and scan options can be added. As all of the above machines are using the same new Canon QF (Quick-Fixing) type toner, CROSS Imaging Supplies’ compatible premium quality toner is a very efficient way to reduce printing cost of these devices significantly without compromising on quality.

Advantages & Benefits

- ▶ OEM equivalent performance and image quality.
- ▶ Significant reduction of cost per copy price.
- ▶ European/US universal cartridge.
- ▶ Sourced directly from the manufacturer.
- ▶ Also as bulk toner available for local filling.
- ▶ Technically supported by the toner manufacturer.
- ▶ Competitively priced product.
- ▶ Deliverable from Singen/Germany Warehouse.
- ▶ Free of charge samples for testing.
- ▶ Selective distribution through competent reseller only.
