

TONER FOR USE IN

Canon iR-C250iF,C350iF,C351iF
(type C-EXV47, GPR-51)

The new Canon ImageRunner Advance iR-C250iF,C350iF and C351iF colour multifunctionals provide high-quality A4 colour-output at up to 35ppm. All three devices are increasing productivity and flexibility of any office work-group with their wide range of paper-handling and finishing options as well as their advanced security options and fast time-to-print of 10 seconds only.

These multifunctionals are featuring high-speed one-path duplex scanning that saves time as complete books can be scanned quickly. Integration with powerful document-capture and output-management-solutions provide process optimization. The easy maintenance design reduces downtime and increases the overall reliability of these of these three efficient devices.

Printing-cost of these multifunctionals can be substantially reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner (made in Japan) which are available as finished products in patent-free cartridges and in bulk for re-filling of empty OEM cartridges. For refilling empty OEM-cartridges we are also providing the suitable replacement-chips that support the reliable function of the refilled cartridges.

ADVANTAGES & BENEFITS

- OEM equivalent performance and image-quality
- Significant reduction of cost per copy
- Patent-Free cartridge with or without RF-Chip
- Sourced directly from the manufacturer
- Also as bulk toner available for local filling
- Technically supported by the toner manufacturer
- Competitively priced premium quality product
- Deliverable from our Warehouse near Stuttgart/Germany
- Free of charge samples for testing
- Selective distribution through competent reseller only
