

TONER FOR USE IN

Canon iR-C3320, C3320i, C3325, C3330i
(type C-EXV49, GPR-53)

The new Canon ImageRunner Advance iR-C3320, C3320i, C3325 and C3330i colour multifunctionals provide high-quality A5 to A3 colour-output at 20, 25, respectively 30ppm and are designed to reduce total cost of print. All four devices are increasing productivity. Print-resolution of 1200x1200dpi, various finishing options as well as advance security options and fast time to first print of 5,9 (b/w) and 8,2 seconds underline the performance of these devices which were launched in 2015.

These compact multifunctionals are featuring easy integration, various security options and cost control functions as well as award-winning and smart user authentication functions. They can be integrated easily into document output solutions and include the industry's first Data Loss Prevention and auditing of prints, scans and faxes.

Printing-cost of these multifunctionals can be substantially reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner and carrier (Made in Japan) which are already pre-mixed in the finished product.

ADVANTAGES & BENEFITS

- OEM equivalent performance and image-quality
- Significant reduction of cost per copy
- Patent-Free cartridge with or Chip
- Sourced directly from the manufacturer
- Also as bulk toner (type CA-33) and carrier (type CAR-33) available for local filling
- Technically supported by the toner manufacturer
- Competitively priced premium quality product
- Deliverable from Warehouse in Stuttgart/Germany
- Free of charge samples for testing
- Selective distribution through competent reseller only
