Colour toner for use in

Konica Minolta

Bizhub C250, C250P, C252, C252P (TN-210) and
Develop Ineo +250, +250P, +251, +251P

More and more companies with the past belief that colour copying and printing is not for them are beginning to change their mind. The Bizhub C250 and C252 as well as the equivalent Develop Ineo MFP's are offering the convincing skills. All devices come as ideal alternatives for offices, teams or workgroups that finally want to adopt colour but are looking for a simple and economic solution to their needs.

As true entry-level colour machines at 25ppm colour output and fast first copy time of 8,4 / 11,7 seconds for black/colour and robust up to

75 000 pages duty cycle both of them are the perfect replacement for black & white devices. The Bizhub C250 and C252 produce colour copies a lot less costly than other available complex colour systems. Launched mid of 2005 these machines meanwhile are highly populated and much appreciated also because of their reliability and solid design which will ensure many of these machines a second life-cycle as used machines in various emerging markets where cost efficiency is important.

With its new compatible colour toner for use in the Bizhub C250 and C252 CROSS Imaging Supplies is offering a way to further significantly reduce print costs of these devices without compromising on image quality, performance or reliability.

Advantages & Benefits

- ▶ OEM equivalent performance and image quality.
- ▶ No paper jamming.
- ▶ Significant reduction of cost per copy price.
- ▶ Also as bulk toner available for local filling.
- ▶ Competitively priced product.
- ▶ Deliverable from Rotterdam Warehouse.
- ▶ Selective distribution through competent reseller only.
- ▶ Technically supported by the toner manufacturer.
- ▶ Free of charge samples for testing.
