All four devices are increasing productivity and flexibility of any office work group with their wide range of paper-handling and finishing options and fast time to first print of 6,2 seconds (b/w), respectively 8,1 seconds (colour).

These multifunctionals are featuring high-speed one-path duplex scanning that saves time as complete books can be scanned quickly. The optional finisher supports stapling while the wide screen enables simple and intuitive access to all functions of these devices. Durable long-life components guarantee a long life time and low maintenance cost.
