With the HL-4040 Brother has launched the first series of colour laser printer with their own developed colour-laser-engine. With printing speeds up to 19,3 ppm these machines are offering good overall speed and print quality.

The smaller more recently introduced HL-3040CN series machines are fast, compact printer that produce brilliant colour output at 16 ppm in colour and black and are ideal for printing high-impact colour documents and brochures quickly and affordably. And finally the HL-4140 series machines stand for the second generation machines and offer excellent 25 ppm output-power and image-quality.
