## Kyocera-Mita FS-C5100DN (type TK-540)

With the new FS-C5100DN Kyocera has introduced a new full colour entry-level laserprinter which provides superb print-quality, excellent reliability and low cost per page. The functional and compact design of this A4 colour device makes placement very simple.

With printing speed up to 21 ppm in A4 colour and b/w at 600 dpi, respectively at 9600 dpi (with multbit enhancement technology) and standard duplex capability this device ensures high efficiency and speed. The cartridge-free system requires that only toner has to be replaced regularly which allows to minimise cost for consumables and maintenance.

Printing-cost of this device can be further reduced significantly without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner (made in Japan).

## Advantages & Benefits

- OEM equivalent performance and image-quality.
- Significant reduction of cost per copy.
- Sourced directly from the manufacturer.
- Including RF-Chip
- Also as bulk toner available for local filling.
- Technically supported by the toner manufacturer.
- Competitively priced premium quality product.
- Deliverable from Warehouse near Stuttgart/Germany.
- Samples for testing available.
- Selective distribution through competent reseller only.

Certified Quality Premium Toner Qualité Certifiée
