## Toner for use in Kyocera-Mita FS-C5200DN (type TK-550)

With the new FS-C5200DN Kyocera has introduced a new full colour high-performance laserprinter which provides to workgroups excellent colour quality and reliability at low cost per page. The functional and compact design of this A4 colour device makes placement very simple.

With printing speed up to 21 ppm in A4 colour and b/w at 600dpi, respectively at 9600dpi (with multibit enhancement technology) and standard duplex capability this device ensures high efficiency and speed. The cartridge-free system requires that only toner has to be replaced regularly which allows to minimise cost for consumables and maintenance.

Printing-cost of this device can be further reduced significantly without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner (made in Japan).
