NEW

Bulk-Toner for use in

FS-C5200DN (type TK-550), FS-C5400DN (type TK-570), FS-C2026, C2126MFP… (typeTK-590). TASKalfa 250Ci, 300Ci (TK-865), FS-C8500DN… (typeTK-880), FS-C8020MFP… (TK-895). TASKalfa 2550Ci (TK-8315), KM-C2520, C3232… C4535e (TK-8325), FS-3050c…, 3551Ci (TK-8305). TASKalfa 4550Ci, 5550Ci (TK-8505), FS-C8600DN, C8650DN, C8670DTN (TK-8600)

Starting with the meanwhile discontinued but quite popular FS-C5200DN printer printing at 21 ppm and 9600 dpi up to high-speed FS-C8650 machine running at up to 55 ppm at 9600 dpi Kyocera has introduced many devices including also the TASKalfa series 250Ci, 300Ci, 2550Ci as well as the high-speed TASKalfa 4550Ci and 5550Ci machines.

For the various cartridges like TK-550, 570, 590, 865, 880, 895, TK-8305, 8505, 8315, 8325 and TK-8600 a new compatible toner is now available from CROSS that allows to further reduce printing cost of these devices significantly without compromising on quality. As some of these devices require trickle-system toner we are also offering the suitable Carrier that must be premixed with the bulk toner for use in TK-8305 (7%) and in TK-8505 and TK-8600 (6% each) cartridges. For many of these applications we are also offering compatible toner in patent-free cartridges as a secure replacement of the respective OEM carridges.

Advantages & Benefits

- OEM equivalent performance and image-quality.
- Suitable carrier available.
- Significant reduction of cost per copy.
- Intensively tested with OEM components.
- Sourced directly from the manufacturer.
- Technically supported by the toner manufacturer.
- Competitively priced premium quality product.
- Deliverable from Warehouse in Rotterdam.
- Free of charge samples for testing.
- Selective distribution through competent reseller only.
