Toner for use in

Kyocera-Mita FS-4100DN, M3550DN
(type TK-3110)

With the 45 ppm FS-4100 series A4 Laserprinter and the 50 ppm M3550DN A4 Multifunctional Kyocera has introduced in late 2012 and 2013 two more powerful devices for business users which perfectly integrate into any network environment.

Both of these devices print at up to 1200 dpi resolution and are the ideal solution for departments and small offices. Due to the long-life drum and developer which lasts for 500000 A4 prints the running cost and cost per copy of these devices are largely determined by the toner.

By using CROSS Imaging-Supplies' Premium Quality compatible toner (made in Japan) printing cost can therefore significantly reduced without compromising on image-quality or performance.

Advantages & Benefits

- ▶ OEM equivalent performance and image-quality.
- ▶ Significant reduction of cost per copy.
- ▶ Sourced directly from the manufacturer.
- ▶ Also as bulk toner available for local filling.
- ▶ Technically supported by the toner manufacturer.
- ▶ Competitively priced premium quality product.
- ▶ Deliverable from Warehouse in Rotterdam.
- ▶ Free of charge samples for testing.
- ▶ Selective distribution through competent reseller only.
