Toner for use in

Kyocera-Mita FS-4020DN, 4040D (type TK-360)
Olivetti PG-L2045, Utax LP-3245
Triumph-Adler LP-4245

Fast output speed of 45ppm at 1200dpi, duplexing capability as well as excellent paper management and comprehensive security functionality are key features of the FS-4020DN and the FS-4040D laserprinter which were introduced by Kyocera-Mita in 2010.

Because of longlife technology only the toner has to be exchanged within the first 300 000 prints which has a positive effect on the machine's operating cost.

By using CROSS Imaging-Supplies' Premium Quality compatible toner (made in Japan) cost per copy of these devices and the equivalent Olivetti, Utax and Triumph-Adler machines can be reduced significantly without compromising on performance or image-quality.

Advantages & Benefits

- ▶ OEM equivalent performance and image-quality.
- ▶ Significant reduction of cost per copy.
- ▶ Universal cartridge also for use in equivalent Olivetti/TA version machines.
- ▶ Sourced directly from the manufacturer.
- ▶ Also as bulk toner available for local filling.
- ▶ Technically supported by the toner manufacturer.
- ▶ Competitively priced premium quality product.
- ▶ Deliverable from Warehouse near Stuttgart/Germany.
- ▶ Free of charge samples for testing.
- ▶ Selective distribution through competent reseller only.

Technical Features

Features	Kyocera-Mita (OEM)	CROSS
Part number	1T02J20EU0	PY437Y.645
