

TONER FOR USE IN

Ricoh MP-C305SP, C305SPF

Nashuatec MP-C305SP, C305SPF

Rex Rotary MP-C305SP, C305SPF

Lanier MP-C305SP, C305SPF

The Ricoh MP-C305SP and MP-C305SPF high-volume multifunctional color desktop devices provide all the color printing, scanning and copying functions that are needed from the comfort of your desktop printer at 30ppm and 1200 x 1200 Dpl. Due to Ricoh's next-generation platform the new GWNX-controller gives users the same capabilities and allows to configure device settings, monitor status and create reports of usage.

With printing speed of 30ppm and a short warm-up time of 23 seconds only these two compact devices provide enhanced capabilities and performance that are normally seen only on A3 MFPs with the result of time-savings and increased efficiency and lower cost.

Printing-cost of these colour machines however can be significantly reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner (engineered in Japan) which is also compatible with the equivalent NRG, Lanier and Savin machines.

ADVANTAGES & BENEFITS

- OEM equivalent performance and image-quality
- Significant reduction of cost per copy
- Universal cartridge also for use in equivalent Lanier, Savin, Nashuatec, RexRotary and Gestetner machines.
- Sourced directly from the manufacturer
- Also as bulk toner and carrier available for local filling (bulk toner type CHK-08)
- Technically supported by the toner manufacturer
- Competitively priced premium quality product
- Deliverable from Warehouse in Rotterdam/Netherlands
- Samples for testing at discounted prices.
- Selective distribution through competent reseller only

TECHNICAL FEATURES
