With the ECOSys M6030cdn..., P6035cdn..., P7040cdn...series colour Laserprinter/MFPs Kyocera-Mita has introduced during 2016 a range of powerful devices that are designed to meet the demand of ambitious workgroups with high expectations concerning functionality and quality as well as reliability and user friendliness.

Printing speeds of 30 to 40ppm in colour and b/w at up to 9600dpi in A4 format and A3 (TASKalfa 2551ci) as well as high performance print-controller, large standard paper trays as well as short warm-up time are just a few features of these sophisticated devices. The incorporated renowned long-life components makes these machines very reliable and reduce the down-time to a minimum.

Printing-cost of these devices can be further reduced significantly without compromising on image-quality or performance by either using CROSS Imaging-Supplies' Premium Quality compatible finished products or by filling the OEM's or third parties empty cartridges with our Premium Quality bulk toner described below.
