

TONER FOR USE IN

Kyocera-Mita TASKalfa 4052ci
(type TK-8525)

The new Canon ImageRunner Advance iR-C5535, C5535i, C5540i, C5550i and C5560i colour Multifunctionals provide high-quality A4 to A3 colour-output at outspeeds between 35ppm to 60ppm and are designed to reduce total cost of print. All five devices are increasing productivity, while offering a print-resolution of 1200x1200dpi, powerful publishing and finishing capabilities as well as advance security options and up to 6'350 sheet capacity which underlines the performance of these devices launched in 2017.

These smart, user-friendly and compact MFPs provide high quality colour communication and streamline document workflows. They seamlessly integrate into any working-environment and their security and cost control features add to busy workgroups.

Printing-cost of these multifunctionals can be substantially reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner and carrier (Made in Japan) which are already pre-mixed in the finished product.

ADVANTAGES & BENEFITS

- OEM equivalent performance and image-quality
- Significant reduction of cost per copy
- Patent-Free cartridge with or without RF-Chip
- Sourced directly from the manufacturer
- Also as bulk toner (type ED-91) and carrier (type ED-91D) available for local filling
- Technically supported by the toner manufacturer
- Competitively priced premium quality product
- Deliverable from our Warehouse near Stuttgart/Germany
- Free of charge samples for testing
- Selective distribution through competent reseller only
