The MP-series Multifunctionals are even more effective and include full-color scanning capabilities of 10 originals per minute in color and 22 originals in B&W.

Smooth operation, fast first-out-copy-speed, cost-efficiency - these are just a few benefits you want from an office solution. These new devices and the equivalent Lanier, Gestetner and Savin brand machines are more powerful than their size suggests and fulfill demand perfectly. Owners will enjoy attractive Total Cost of Ownership (TCO).

TCO and Printing-cost of these devices can be further reduced significantly without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality remanufactured Drum-Unit (including OPC-drum, Developer-Unit, Developer, Cleaner-Unit, Charge-Corona & Charge-Roller) which are perfectly matching not only with the OEM toner but also with CROSS Imaging-Supplies Premium Compatible Toner which are deliverable in patent-free cartridges and in bulk also for local filling.
