With the new Ricoh IM-C4500 and C6000 colour multifunctionals Ricoh has launched a new series of productive and efficient A3 capable color devices with a range of productivity features and security enhancements as well as mobile device connectivity options. Key features are their printing speeds of 45ppm and 60ppm at a resolution of 600x600dpi for copying and 1200x1200dpi for printing.

Short warm-up time of 21 seconds and first full-color output speed after 6,9 seconds only as well as a compact design that allows easy placement of these devices in any office environment are further features of these new MFP's.

Printing-cost of these multifunctionals can be substantially reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner and carrier (Made in Japan) which are already pre-mixed in the finished product.
