

TONER FOR USE IN

Toshiba E-Studio 2506, 2007, 2306, 2506, 2507
(type T-2507E)

The E-Studio 2506, 2007, 2306, 2506 and 2507 b&w multifunctional copiers are "light-weight" entry-level devices delivering color scans and monochrome copies in A4 format and a copy/print speeds of 20ppm, 23ppm and 25pp and a short warm-up-time of approximately 20 seconds only. These energy saving and environmental friendly models are ideal for users who mainly print A4 and look for a very simple to operate device.

With a footprint approximately two-thirds the size of the predecessor A4 format capable MFP's only these five devices can replace them easily for any of the given tasks and be installed as a standalone machine or integrated in a workgroup or in a MPS environment.

Printing-cost of these devices can be substantially reduced without compromising on image-quality or performance by using CROSS Imaging-Supplies' Premium Quality compatible toner (engineered in Japan).

ADVANTAGES & BENEFITS

- OEM equivalent performance and image-quality
- Significant reduction of cost per copy
- Patent-Free cartridge
- Sourced directly from the manufacturer
- Also as bulk toner for local filling/re-filling
- Technically supported by the toner manufacturer
- Competitively priced premium quality product
- Deliverable from Warehouse in Singen/DE
- Free of charge samples for testing.
- Selective distribution through competent reseller only

TECHNICAL FEATURES

FEATURES	TOSHIBA (OEM)	CROSS
Part number	6AJ00000156	PT832T.330
